

REVERSES ITS  
FORMER ACTIONCommittee Puts Live Stock, Wheat  
and Oats on Free List.

## MEETS PRESIDENT'S WISHES

Senator Simmons Makes the Motion in Subcommittee of Finance Committee Handling the Agricultural Schedule Upon His Return to the Capitol From a Conference at the White House.

Washington, June 4.—Reversing its former action in voting to place wheat, flour, oatmeal and fresh meats on the dutiable list the senate finance subcommittee in charge of the agricultural schedule voted to place live stock, wheat and oats on the free list.

This action, it was authoritatively stated, was taken to meet the views of President Wilson, Senator Simmons, chairman of the finance committee, and other administration leaders, who disapproved the decision to tax meats 10 per cent compensatory to a duty on cattle in the Underwood bill and to assess a compensatory duty on both flour and oatmeal.

The vote to reconsider was taken in the subcommittee on a motion made by Senator Simmons, ex-officio member of all these committees handling the various tariff schedules, when he returned to the Capitol from a conference with the president.

In this enlargement of the free list President Wilson is known to have taken a leading part, as he did in the matter of raw wool and sugar in the ways and means committee.

He still is standing uncompromisingly for the wool and sugar schedules, so, it is declared, he will stand firmly for free cattle, sheep and hogs and free wheat and oats now that this has been determined upon as the party policy.

## Declares Matter Settled.

Senator Simmons conferred with the president last week. "The matter is settled now," said Senator Simmons, "and that is the way the schedule will go to the senate."

The inquisitorial clause of the Underwood bill, which aroused foreign protest, has been given the Williams subcommittee considerable trouble and in trying to work out a modification of its provisions they have had the aid of Secretary McAdoo, Secretary Bryan and John Bassett Moore, counselor of the state department.

A plan now is being discussed to combine a portion of this provision with the amendment proposed giving the secretary of the treasury the right to proclaim values, thus to have a safeguard against undervaluations and, at the same time, rid the provision of its features objectionable to foreign powers.

The proposal to place for the first time in the country's history a tariff on raw or undressed furs has aroused loud protests from furriers and the subcommittee headed by Senator Johnson, which has the sundries schedule under consideration, is studying the situation.

The Underwood bill proposes a rate of 10 per cent on raw furs.

## MONTANANS CALL ON LANE

Delegation Asks Secretary to Continue Reclamation Projects.

Washington, June 4.—Apprehensive that government reclamation work might be withdrawn from Montana a delegation of citizens of that state called on Secretary Lane to urge him to continue the projects.

At a recent conference representations were made to Secretary Lane that the lands to be irrigated in Montana were not valuable enough to warrant the amount the water users will have to pay.

The probability is, however, that work on the four projects in Montana will be carried on.

The delegation was headed by Governor Stewart, former Governor Norris, Senators Walsh and Myers and Representative John M. Evans.

## PARDONED TO MAKE CROPS

President Commutes Sentences of Two Federal Prisoners.

Washington, June 4.—To permit George Pollock and Bud Evers, federal prisoners, "to make a summer crop," President Wilson commuted their sixty-day sentences to expire at once provided they paid their fines of \$100.

They were convicted at Paducah, Ky., April 21, of retailing liquor without the payment of the special tax. The president was told if they served until June 21 they could not make a crop on their farms.

## Asks Collector to Resign.

Washington, June 4.—Secretary McAdoo has asked for the resignation of Fred S. Spratton as collector of customs at San Francisco. The secretary declined to discuss the action or his reason for it.

## Conservationists Pick Capital.

Washington, June 4.—Announcement was made that the fifth national conservation congress would be held here Nov. 18 to 20.

LOBBYING NOW  
MORE REFINEDSenators Declare Coarser Kind  
Has Disappeared.

## NORTHWEST MEN AIR VIEWS

Senators La Follette of Wisconsin, Kenyon of Iowa and Nelson of Minnesota Appear Before Committee Investigating Presence at Washington of Persons Seeking to Influence Legislation.

Washington, June 4.—Senator La Follette of Wisconsin and Senator Kenyon of Iowa testified in the lobby investigation before the senate committee that old style lobbying has given place to a new, "insidious" style.

"Years ago lobbying was of a 'coarser kind' than at present," Senator La Follette told the committee. "The old bargain and sale method is out of date. Later the interests elected men to look out for them from the inside. In the last six or seven years the representatives of the special interests have fast disappeared."

The Iowa senator explained that he believed the most "insidious" and powerful lobby possible was the practice of flattering senators by having them out to dinners, to theaters and on automobile rides, ingratiating the host with the distinguished guests.

## Would Bar Ex-Senators.

Referring to one former senator representing many railroads in Washington and often seen on the floor of the senate he advocated the enactment of legislation to prohibit an ex-senator from being a lobbyist.

Senator La Follette testified he is interested in the publication of a weekly paper, owning most of the stock, but said he did not believe it would be affected by any item in the tariff bill. He said he owned a farm and an interest in some zinc bearing lands in Wisconsin, which since the Payne-Adair law had been producing a small royalty.

Four years ago, Senator La Follette said, he was interviewed in regard to hides, the interviewer informing him that he had already engaged a page or two of advertisement in his magazine.

"I told him if he didn't hurry to the telephone office I would beat him in ordering a cancellation of his advertisement," declared the senator.

## Defines Lobbying Term.

Replying to questions about persons being maintained in Washington to look after legislation Senator La Follette said the American Federation of Labor and the Seamen's union keep men here. "Under my definition of the term that is lobbying," he declared.

Indian interests, he said, keep others here, his understanding being that there is an organization of lawyers in Washington that work up claims.

Other senators who testified said they had no knowledge of a lobby.

Senator Nelson of Minnesota, first member of the investigation committee to take the stand, said he was interested in farming and had spoken to two or three senators in favor of retaining a duty on wheat.

Senators not on the committee were given the right to cross-examine Senator Nelson, but none asked any questions.

## SHIPS WILL BE SOLD.

Chicago, June 4.—The steamships Minnesota, Minnetonka and Minnekahta belonging to the Chicago and Duluth Transportation company are to be sold June 16, according to an order by Federal Judge Landis.

The sale is to meet obligations of \$298,277.68 due to bondholders of the company.

## BURGLARS LOOT GAS OFFICE

Thieves Wreck Two Safes in Chicago and Secure \$1,100.

Chicago, June 4.—Burglars entered the office of the Chicago Gas Appliance company and obtained money and bonds amounting to \$1,000. Finger prints on the office railing were the only clues left by the thieves.

When the employees reached the office the inner doors of two safes were found partly wrecked, desks ransacked and the rear door unlocked.

## Republicans Urge Harmony.

Topeka, Kan., June 4.—With but few men who have attained prominence in the Progressive party present the Republican harmony conference, with 500 delegates, went on record here in favor of the initiative and referendum, against commission form of government for the state and passed a resolution endorsing the national Republican harmony movement.

## EDWARD F. DUNNE.

Penalized by Assessors for  
Failure to Make Returns.

## GOVERNOR DUNNE MULCTED

Illinois Executive and Senator Lewis  
Penalized by Tax Assessors.

Chicago, June 4.—Governor Edward F. Dunne and Senator James H. Lewis of Illinois were penalized by the Cook county assessors for failure to turn in schedules of their personal property.

Each now stands on the tax books as possessed of \$3,000 in personal property. The penalty brings this to \$4,500 each.

ATTORNEY GENERAL  
WILL NOT INTERFEREGrand Jury May Indict Minne-  
sota Rail Officials.

St. Paul, June 4.—Minnesota's already complicated railroad rate situation assumed new complexities when Judge Albert Johnson of the Goodhue county district court at Red Wing instructed the grand jury to return indictments against officials of the roads operating in that county should it be found that the 2-cent fare law, declared unconstitutional by Judge Sanborn in his famous decision, is being disregarded. The penalty for violation of this statute is a fine of not to exceed \$5,000 or imprisonment not to exceed five years, or both.

In view of the almost certain adjudication of the Minnesota rate case by the supreme court of the United States this month the action of Judge Johnson in endeavoring to enforce the state law at this time was received with astonishment in legal and railroad circles.

Attorney General Lyndon A. Smith was as surprised as anybody. He does not know what is back of the move and was very reticent in discussing the situation.

"Certainly shall not interfere," he said.

## MILWAUKEE RETAINS FAIR

Special Legislative Committee Favors  
Present Location.

Madison, Wis., June 4.—Milwaukee has won its fight for the retention of the state fair. The special committee of nine, appointed to study the state and hear arguments of cities which wanted the location changed, filed a report signed by six members, in favor of the present site and recommending extensive improvements.

The other three of the committee reported in favor of Vandyne, between Fond du Lac and Oshkosh, where there were three members thought there was a central location, easily accessible from all parts of the state and centrally located.

## REBELS WIN HARD BATTLE

Defeat Mexican Federals and Capture  
Matamoros.

Brownsville, Tex., June 4.—After a desperate nine-hour battle the federal garrison defending Matamoros, Mex., was subdued by the troops of General Lucia Blanco, constitutionalist, commander-in-chief of the state of Tamaulipas.

Major Estaban Ramos, garrison commander, who was wounded early in the engagement, died in a Brownsville hospital.

## FRISCO PRESIDENT RESIGNS

B. L. Winchell to Devote Time to Re-  
ceivership.

Chicago, June 4.—B. L. Winchell, president of the Chicago and Eastern Illinois railway and of the St. Louis and San Francisco railroad, has resigned both offices. Mr. Winchell is expected to devote his attention exclusively to his duties as receiver for the St. Louis and San Francisco road.

## Eight-Hour Day Extended.

Washington, June 4.—Secretary Lane announced that hereafter all contractors engaged upon reclamation work would be prosecuted for violations of the eight-hour law.

SCRIBES AIDED  
BY PRESIDENTWilson Knows the Value of  
Publicity.

## HE DOES HIS OWN TALKING

Has Long Statements Typewritten and Distributed and In Other Cases Gives Unequivocal Interviews and Can Be Quoted, Although by Talking Directly He Breaks Another Precedent.

By ARTHUR W. DUNN.

Washington, June 4.—[Special.]—President Wilson knows the value of publicity. In that respect he is more like Roosevelt than any of his predecessors. I fancy that Mr. Wilson is rather surprised at times that the newspaper men who see him twice a week do not ask him pointed questions on the subject upon which he wishes to express himself. But he does not hesitate to ask the question himself and answer it in the language which he wants used.

And there is no false, quivering, inuendo about it; no "it is understood the president thinks," or "it can be stated on the highest authority" and such other lines often used in dealing with presidents. The president hands out what he wants to say if it is long enough to be typewritten or he makes a flat, unequivocal statement and can be quoted. That makes it valuable to the newspaper men.

## One of the People.

Perhaps this is part of the president's program to be one of the people. He wants to be treated like other men and not hide behind his official position. The president has made congressmen feel that he is not defied by his advancement, and in talking directly to the people through the press in interviews he shows that he is like other men.

For some unknown reason it has been held undignified for the president and cabinet officers to be interviewed in the newspapers. It was all right for them to make speeches which were published in the papers, but the interview, according to a tradition, was undignified. It will be so no more.

## Charge of Drunkenness.

Many public men have had to undergo the charge of drunkenness during their public careers. Often by inuendoes the charge has been made against Colonel Roosevelt, although the Michigan case was the first time it was ever made with such directness.

Whenever anything of the kind is mentioned it recalls the Fairbanks cocktail. The former vice president never drinks anything, but at a luncheon to President Roosevelt at his house some officious individual had cocktails prepared and served. The incident injured Fairbanks immeasurably, but never seemed to faze T. R.

## Liquor and Politics.

Unless all signs fall the liquor question is going to cut quite a wide swath in politics in the future. It looks as if there was a lot of capital made for Mr. Bryan out of the dinner incident where he did not serve wine to the foreign diplomats. The anti-liquor people are making a great deal of it.

While the liquor interests have always been a powerful factor in politics, there is no sentiment behind them, and, in fact, the sentiment is all on the other side. Bryan's friends are making the most of his temperance views whenever occasion arises.

## Adding His Mite.

Congressman Britten of Illinois added his mite to the troubles of the Democrats by publishing in the Congressional Record all places not covered by the civil service law and therefore open to applicants. The places are not so very numerous, but they do not have that appearance when the average Democratic patriot looks at them.

He estimates his services to the party higher than any one else, and he cannot see why he should not have one of those places. Britten also published the salary list, which also looks attractive to men who have been out of office sixteen years.

## Wing Dams and Floods.

A man interested in the improvement of the Mississippi river was in Speaker Clark's office the other day and declared that two things had contributed to the injury of the river, particularly the lands and levees. One was where railroad bridges were constructed. These usually have huge embankments built far out over the low bottom lands, and when the floods come they serve as breakwaters which force the water against the opposite side, destroying levees.

They operate much as the wing dams which have been put in the river by the engineers to keep the water in a narrow channel. Such wing dams work fairly well in low water, but in flood times they cause the great overflows.

## Gets In First.

It is rather amusing to see how Vic Murdock breaks in first on all questions requiring minority leadership. Mann is quite deliberate, always was, in fact, and Murdock, with his new honors upon him, breaks in early with questions about the business of the house where the interests of the minority are concerned. Murdock is determined to let 'em know that the Progressives are a real minority.

## One in a Hundred.

Taking the statistics of the world, one person in every 100 born lives to be sixty-five years of age.

## HALVOR STEENERSON.

Would Allow Foreign Ships  
to Handle Coastwise Trade.

## WOULD ADMIT FOREIGN SHIPS

Steenerson Introduces Bill to Open  
Panama Canal.

Washington, June 4.—A bill to extend to foreign vessels the right to participate in American coastwise trade through the Panama canal was introduced by Representative Steenerson of Minnesota.

The preamble to the bill sets forth that restricting the coastwise trade to American vessels "fosters monopolistic control of the trade."

HEETER CASE TAKES  
SENSATIONAL TURNSchool Board Member Alleges  
Political Conspiracy.

Pittsburg, June 4.—Assertions that a definite political conspiracy has been on foot to bring about the downfall of Superintendent of Schools S. L. Heeter that the old regime in this city might again control the revenues and political plums of the school system so aroused the board of education sitting as a trial board on the Heeter charges that it adjourned after a seven-hour session without determining the guilt or innocence of the accused.

After the meeting the situation stood thus: Mr. Heeter still maintains his innocence; Mrs. Beulah Kennard, member of the board, charges that he is the victim of a conspiracy and has been found guilty by the committee on testimony of witnesses coerced by his enemies; Clarence Burleigh, his attorney, asserts his belief in the absolute innocence of his client.

Miss Kennard scored the committee of six citizens for not investigating the conspiracy charge. She asserted the coroner, a former school board official, started the plot against Heeter. She declared the testimony of at least one of the witnesses who said she had been wrongly approached by Heeter was unreliable.

## HUNGARIAN CABINET TO QUIT

Because Deputy Is Acquitted After  
Calling Premier Graft.

Budapest, June 4.—The Hungarian cabinet of which Dr. Ladislaus von Lukacs is premier has decided to resign. This determination is due to the acquittal of Deputy Desacs in a libel suit brought against him by the premier, whom Mr. Desacs accused of corruption and characterized as "the world's greatest Panamist"—a Panamist being one of the persons involved in the corrupt transactions by which the Panama Canal company (1879-83) obtained political or financial assistance.

## BANK OFFICIALS NOT GUILTY

Jury Frees Seaman and Jocelyn in  
Federal Court.

Chicago, June 4.—A verdict of not guilty was returned by a jury in federal court in the case of L. N. Seaman and M. C. Jocelyn, former cashier and assistant cashier respectively of the Elgin National bank. The jury was out less than forty-five minutes.

## NEW PRISON WARDEN.

Washington, June 4.—Thomas W. Morgan of Ottawa, Kan., was appointed warden of the United States penitentiary at Leavenworth, Kan., by Attorney General McReynolds. This is the attorney general's first step in a reorganization of the prison. Mr. Morgan, who is president of the Kansas state board of penal institutions, will succeed R. W. McClaghry, for fourteen years in charge at Leavenworth.

## Better Still.

"No woman knows how to drive a nail."  
"And what of that? Every woman knows how to drive a man any way she wants him to go."—Washington

CAUSTIC REPLY  
TO BURLESON

## WOOD CASE GOES TO JURY

Mill Owner Accused of "Planting"  
Dynamite.

Boston, June 4.—The guilt or innocence of William J. Wood, president of the American Woolen company, charged with conspiracy to "plant" dynamite on the premises of textile strikers at Lawrence, Mass., must be determined by a jury without direct evidence from the defense.

Judge Crosby, presiding at the trial of Wood, Frederick E. Atteaux and Dennis J. Collins, overruled a motion of Henry P. Hurlburt, counsel for the mill man, that jurors be instructed to return a verdict for his client. Before arguing his motion Mr. Hurlburt had announced that he took the responsibility of resting his case without presenting evidence.

## REFORM ELEMENT IS BEATEN

Returns at Los Angeles Indicate  
Rose's Election.

Los Angeles, June 4.—The early count of the municipal election indicates defeat for the reform element which has controlled the city since the recall of Mayor Harper five years ago.

Incomplete returns from 339 out of 466 precincts give Harry H. Rose, Independent, 20,275 votes and John W. Shenk, Municipal Conference candidate, 18,019.

Rose was heavily supported by the Socialists.

Former Postmaster General Dis-  
plays Temper.

## HITCHCOCK RESENTS ATTACK

Official in Recent Taft Cabinet Declares Postoffice Department Was Never Conducted More Efficiently Than During the Last Administration—Suggests Abolition of Franking Privilege.

Silver City, N. M., June 4.—On arriving at Silver City from the Mogollon mountains, where he has been spending some weeks, former Postmaster General Frank H. Hitchcock was shown for the first time the statement issued a few days ago by Postmaster General Burleson, attacking his administration of the postoffice department. After reading the charges Mr. Hitchcock issued the following statement:

"A committee composed in the main of newly appointed assistants, having less than three months' experience in postoffice business, attempts in a report to the present head of the department to discredit the financial showing made by the postal service under President Taft's administration. 'Their statement is as inaccurate as it is gratuitous, for the public well knows that never was the postal service conducted more efficiently or mail handled with greater precision and dispatch than in the closing years of the Taft administration.'

"During that administration nearly 5,000 new postoffices were established, delivery by letter carrier was provided in about 300 additional cities and over 3,000 new rural routes, aggregating about 75,000 miles, were authorized. 'Notwithstanding these great extensions of service and the heavy increase in expenditures they required the postoffice department was placed on a self-sustaining basis.'

"In the last administration we appealed in vain to a Democratic house for legislation abolishing the franking abuse. It is a subject that the present postal management might well consider, for it affords an opportunity to save the department millions of dollars a year."

## TWO DROWN ON AN OUTING

Chippewa Falls High School Students  
Meet Death.

Chippewa Falls, Wis., June 4.—Leslie Favell, sixteen years old, and Kenneth Martel, seventeen years old, both of this city, were drowned in Chain lake, twenty-seven miles north of here, while fishing in steel boats, which capsized and sank. No one saw the accident and a floating paddle was all that was found.

The boys were members of a high school class party that went to the lake for a week's outing. Favell was the son of P. L. Favell, cashier of the Northwestern State bank here. Martel was a son of A. Martel, a traveling salesman.

## ORANGEMEN'S ARMS SEIZED

English Officials Confiscate Shipment  
of 1,000 Rifles and Bayonets.

Belfast, Ireland, June 4.—The government learned last week that the Orange clubs were expecting a large consignment of arms from Germany. One thousand rifles with bayonets arrived here on a steamer from Manchester in cases marked "electrical fittings." Detectives promptly seized them.

Government officials say they are fully informed of the plans of the Orange clubs to resist home rule.

The action of the authorities was the first interference with the importation of arms.

## THE WEATHER

Temperature record taken at Gull lake dam, by caretaker, Arthur L. Lampel.

June 2, maximum 73, minimum 44.  
June 3, maximum 66, minimum 47.  
Rainfall .04 inches.

They play a strenuous game of ball out on the coast if the game in which one player was killed and another one's eye put out is anything to go by.

The mint bed at the White House grounds has become famous and might never have even received favorable mention had it not been for the charges of drunkenness to which Col. Roosevelt objected, and of which he was entirely exonerated by a jury at Marquette, Mich.

The Bemidji meeting of the Northern Minnesota Editorial association will be held on June 13, 14 and 15, and A. G. Rutledge, or "Doc," as the general secretary is known, has sent out notices that a rate of a fare and one-third has been granted by the railroads for the summer meeting.

It is a real pleasure to be mayor of a city like St. Paul when the city officials and friends club together and make one presents of automobiles and other useful trinkets. Mayor Kellar stood the ordeal, however and in order to show that he had the right idea gave his old car to his private secretary, but not until he had tried out the new one.

F. D. Sherman is the new immigration commissioner, succeeding H. J. Maxfield. The appointment was made after several gentlemen from the northern part of the state had begun active canvass and before the entire list of eligibles had come out into the open. The picking of a man from the office force evidently looked like the least trouble when the selection from outside candidates was considered.

In Brainerd, as in all offices in the entire United States having rural free delivery, the carriers are keeping the record of the mails for the month of June, the count and weight on all mail handled, the total amount

## INSTALLED AS PASTOR OF CROSBY

Ceremonies Attendant Upon the Installation of Rev. C. M. Ruland Witnessed by Many

## REV. LOWRIE PREACHED SERMON

Thirty Room Addition for Spalding Hotel—Building News of Crosby

Crosby, Minn., May 29—Rev. C. M. Ruland, pastor of the First Presbyterian church of Crosby and Miss Myrtle Mathews, daughter of Mr. and Mrs. J. P. Mathews were married at the home of the bride on Wednesday afternoon at five o'clock. Rev. W. J. Lowrie, pastor of the First Presbyterian church of Brainerd, performing the ceremony. The best man was Rev. H. E. Easley, of New London and the bridesmaid was Miss Bertha Johnson. After the service a sumptuous wedding supper was served. The happy couple left on the evening train for a honeymoon trip to Wilmar where they have a cottage on Green lake.

On Tuesday evening Rev. C. M. Ruland was formally installed as pastor of the First Presbyterian church of Crosby, Rev. W. J. Lowrie of Brainerd, assisting in the ceremonies which were witnessed by many people. Rev. S. F. Sharpless, D. D., of Fergus Falls, presided and propounded the constitutional questions to Rev. Ruland. Rev. Lowrie preached the installation sermon.

Lots in Keating's addition are meeting with a ready sale. Will S. Pitt, who has advertised in English, Swedish, Norwegian, Finnish, Austrian and Montenegrin has scored the most sales. He has offices at Crosby and at the extreme west end of the new addition bordering Ironton.

Ed. Gustad has secured the general contract to build the new school house. W. H. Gausewit has the plumbing contract and the Blake company the electrical work. Mr. Gustad has recently built a fine home in Crosby.

New officers of the Crosby Commercial club are Wm. C. Deering president and Charles S. Roulo secretary.

The Spalding hotel is to have a thirty room addition designed to make the hotel of ample size to take care of its rapidly increasing patronage. It will be 39 by 69 feet, three stories high and providing for an enlarged lobby, dining room and kitchen. There will be added a barber shop, shoe shining stand, two large sample rooms, rooms for help and other conveniences. A porch will be added to the front. Peder Larson has started the excavation work.

All records for building were broken by Will S. Pitt whose four carpenters and various helpers built and furnished a 14 by 30 two room office in 24 hours and supplied with electric lights, telephone, etc.

## PLEADS GUILTY

Favy Davis, of Crosby, is Given an Indeterminate Sentence To Stillwater

Favy Davis, who shot his wife in the arm at Crosby and was arrested on a charge of assault in the first degree, plead guilty to assault in the second degree and was sentenced by Judge W. S. McClenahan, of the district court, receiving an indeterminate sentence to the Stillwater penitentiary.

## UNION MEETING

Will be Held by the Various Churches to Hear an Eminent Divine of Pittsburg

Dr. R. C. Wylie, of Pittsburg, Pa., enroute for Portland, Ore., will be in Brainerd tomorrow and will speak at a union meeting held at the First Baptist church at 8 o'clock p. m. The regular prayer meetings of the various churches will give place for this union meeting.

Dr. Wylie will speak at the meeting of the Second World's Citizenship conference to be held in Portland June 29 to July 6. The lecture he will give here will be of unusual interest and should be generally attended.

## COUNCIL DOES MUCH BUSINESS

Many Committees Make Their Reports at the Monday Evening Session of the City Fathers

### PAYROLLS AND BILLS ALLOWED

Liquor License Transfer of Wm. Sinclair to Peter Benson is Granted

The council met in regular session on Monday evening and all were present. President Lagerquist presided.

Accepted and filed were the report of the city clerk covering receipts and disbursements, report of the city treasurer for the month ending May 31, report of the chief of police, report of the street commissioner, report of the finance committee, report of the secretary of the water and light board on cost of current furnished are lamps.

The following bills were allowed and ordered paid: Payroll of city officers \$457.66, Pearl Roderick \$8.90, Park opera house association \$50, the Brainerd Dispatch \$23.82, the Brainerd Tribune \$13.54, Brockway & Parker \$4.03, Hitch Fuel & Cement Co. \$3.25, J. D. McColl \$13.25, O'Brien Mercantile Co. 60c, Crow Wing county \$9.33, water and light board \$467.40, payroll police department \$375.88, J. H. Northrup \$1.00, Swift & Co. \$2, Levant's department store \$1.00, Slipp-Gruen-hagen Co. \$32.00, William Tift \$1.12, Mrs. N. O'Neal 50c, payroll fire department \$155, payroll volunteer firemen \$49.50, McGinn & Smith 65c, Mrs. L. Meyer \$2.50, G. W. Chadbourne \$32.70, W. S. Nott Co. \$77.53, City of Brainerd \$2.60, Johnson's Pharmacy 88c, Mrs. Sarah Montney \$30, John Larson \$8.60, Johnson's Pharmacy 35c, payroll street department \$545.63, J. A. Naughton \$7.25, John Larson \$24, the Northwestern Port-Huron Co. \$5.75, Elizabeth Hayes \$6.50, Lillia Pollett \$35, E. M. Phelps \$17.50, K. W. Lagerquist \$7.06.

A report of the finance committee stated there were no delinquent taxes on property abutting the east side of blocks 129 and 159. The same committee reported delinquent taxes on lots 23 and 24, block 269 to be \$159.53. Further time was asked to make their report on depositories, and the matter of crediting the amount of interest on daily balances to the water and light board on such funds as belonged to it.

The street committee reported on the petition of property owners on Quince street, asking that the street be curbed and graded, and recommended dropping it. The petition for an alley through block 187 was referred back to the property owners. The street committee asked for further time in which to report on the matter of Otto Erickson, in

## GEO. L. BLACKMER DROWNED AT PEQUOT

Special to Dispatch:

Pequot, Minn., June 4—While diving from a boat in a lake near Pequot, George Lloyd Blackmer, 18 year old son of Frank Blackmer, was drowned 40 rods from shore. The boy had been swimming constantly as he was in training for athletic events in the east. The remains have been sent to the old home of the family in Creston, Ill.

Southeast Brainerd whose home, situated in unplatted land was being fenced up.

The liquor license transfer of Wm. Sinclair to Peter Benson was granted.

To the police committee was referred the matter of investigating the installation of a police alarm system.

The investigation of the repairs by the general sewer was referred to the sewer committee and the city engineer, to report at the next meeting.

Rosko Brothers are to be given the opportunity to try their hands at repairing the Central hose house bell, provided they stay within a \$30 limit.

The caring for of Mr. Creed was left in the hands of the committee on the relief of the poor.

The bond of the Hitch Fuel & Cement company was approved. The bond of A. M. Opsahl was approved.

Bids for cement paving were opened. M. E. Hitch bid \$1.15 a square yard for paving, 98c a square yard for driveways, 60c a square yard for walks, 28c a lineal foot for curbing.

A. Everett bid \$1.10 on the paving \$1 on driveways, 65c on walks, 30c on curbing.

Vaughn & Clausen bid \$1.03 on paving, 68c on sidewalks and 33c on curbing.

On motion the Vaughn & Clausen bid for paving was accepted.

Balloting for city attorney resulted in the election of M. E. Ryan on the second ballot.

On motion of Aldermen Haake and Anderson the city attorney was instructed to prepare an ordinance requiring all billiard halls and pool rooms to close at 11 P. M.

The street committee in conjunction with the city engineer was instructed to see that the grading was done at Mike Setula's residence for a sidewalk.

The are rate was referred to the electric light committee to investigate and report at the next meeting.

The city engineer was instructed to enforce the law regarding the laying of service pipes and water mains and that he be instructed to order the Slipp-Gruen-hagen Co. to remove the pipe recently laid on a north side street, the street commissioner to do it if the company refused.

To the street committee and the city engineer was referred the matter of putting in a watering trough near the hay market.

## DULUTHIANS UNITE IN PRAISE OF BRAINERD

John Wahl, George Reid, Patrick Hammel and C. M. Christenson Laud Brainerd as the

### METROPOLIS OF CUYUNA RANGE

Booster Club Constitution to be Changed to Take in all Interested in County Development

Members of the Booster club of this city at their last meeting had the opportunity of hearing prominent Duluthians praise Brainerd, its resources, its early growth to a city larger than Virginia of the northern ranges, its advantages and the country tributary, rich in mineral and agricultural wealth.

John Wahl, interested in the new Cuyuna Range addition platted to Brainerd and situated to the east of the shops, said he had many realty interests in this city. Brainerd was situated in the center of Minnesota and should have and will get many manufacturing plants. The iron industry and the rapidly developing farming community contiguous to Brainerd would be strong incentive for the further growth of Brainerd. Mr. Wahl said he always boosted for Brainerd.

George Reid, who got out the May 26, "Duluth, The City of Industry" number of the Duluth Herald and who is a special writer of high reputation, made a short address. He said he could say nothing better than what he had told the editor of the "Daily Virginian" of Virginia, Minn.

"Brainerd," said Mr. Reid, "is the city Virginia will have to keep its eyes on or it will wrest from Virginia the honor of being the fourth largest city of the state."

Mr. Reid said the Soo was coming to Brainerd. The city was the center of a great mining and agricultural country and every indication pointed to a great and wonderful growth of this city.

Patrick Hammel said he was glad to see men boosting their own city and country. A good, live club could accomplish wonders with the proper organization. The Soo was needed in this district.

"If there is anything you need," said Mr. Hammel emphatically, "it's a new courthouse. In mineral wealth St. Louis county does not compare with Crow Wing county when the latter is developed. The amount to be raised by taxation for the construction of the courthouse will be but the thousandth part of a mill on the dollar considering the fortunes which lie buried in the ground and which are taxable in the future."

"I met Dr. Joseph Nicholson, a member of your club, and the secretary and they took me about Brainerd and its vicinity and the auto trip afforded me opportunity to see the extent of the agricultural development. You have a section second to none. Southern Minnesota or Iowa can show nothing to equal it. I was greatly surprised to see the changes wrought in so short a period. Many new farms had been opened up since last I was in that vicinity."

"A live Booster club can do wonders in promoting the best interests of a town. You should get all the men to join it, young and old. You want to set your eyes on a membership mark of 1,000."

"I am very glad to have met with you tonight and appreciate your cordial reception of my remarks. Anything I can do for Brainerd I shall be glad to do. Brainerd is a railway center. You should get every road within a hundred miles of Brainerd to run through your town."

C. M. Christenson, of Duluth, associated with John Wahl in the addition east of Brainerd, said it was his second trip to Brainerd. "I was here last January and was favorably impressed with your town. Mr. Wahl is spending thousands of dollars in Brainerd and will advertise it all through the northwest and you may be assured there will soon be something doing here. I am very pleased to have met with you. Your town has the makings of a great city and no one realizes that more than an outsider. You have great natural resources. Agriculture and the iron mines will make of Brainerd a great city within a few years."

When the club heard these gentlemen speak so highly of Brainerd, a motion was made and carried forthwith that every man, no matter where he lived, who had interests in Brainerd or Crow Wing county or who worked for a company that had such interests, could become a member of the Brainerd Booster club. The amendment to the section which first restricted membership to Crow Wing county residents, will become a law within a short period and when Messrs. John Wahl, George Reid, Patrick Hammel and C. M. Christenson and others will be accepted as members of the local club.

J. A. Erickson, chairman of the board of county commissioners, a new member of the Boosters, was called on for remarks, but declined, saying he wished to be excused at this time and that he would be glad to speak after being a member for some time.

President Wm. Nelson announced the following committee assignments:

Membership—R. M. Sheets, H. A. Carmichael and F. E. Bronson. Navigation—Jay Henry Long, Dr. (Continued on page 4)

## STRIKE BREAKERS MAKE APPEARANCE

Special to The Dispatch:

Little Falls, Minn., June 4—Fourteen strike breakers with four guards were brought to this city to take the places of the striking paper makers at the Hennepin mill. A mob of over 150 men gathered in the evening in the streets in front of the hotels at which the men were placed and made a demonstration against them. It is understood that the strike breakers will return to the Twin Cities without attempting to start the mill, which has been closed since last Friday. Only the paper makers are striking and the pulp mill is running.

## VOTE TO SECEDE FROM PARENT ORDER

Special to Dispatch:

Little Falls, Minn., June 4—The Modern Woodmen of America of the sixth congressional district in convention here voted by a ballot of 51 to 5 in favor of immediate secession from the parent order. Some who voted in the negative did so because of instructions and stated that they were convinced that immediate severance from the old order was necessary. A disposition to quit the old order was very pronounced with the delegates. J. L. Sundean and Dr. H. Wuerzinger, of Minneapolis, were the principal speakers. By a unanimous vote Little Falls was endorsed for the head camp.

### BAND CONCERT

First Concert of the Season at 8:00 O'clock This Evening at the N. P. Depot Park

The first concert of the season will be given by the Brainerd City band at the Northern Pacific railway depot park at 8 o'clock this evening. Director Frank J. Sylora has prepared a fine program and as published, comment is made about the different numbers to be given. The program is:

1. March—"Roaring Volcano"----- Paul (Descriptive)  
Trumpets sounding, Olympic games begin, chariot and horse racing, ringing of Angelus bells, people's Vesper hymn, volcano rumbling, rumbling increases, volcano bursts in full fury of eruption, belching forth volumes of smoke and lava, people fleeing in terror, people in death and destruction.

2. Overture—"The Bridal Rose"----- Lavalee (New)

(a) Maestoso  
(b) Andante  
(c) Allegro Moderato  
(d) Andantino  
(e) Allegro Con brio

3. Concert Waltzes—"An der schoenen blauen Donau"----- Johann Strauss

4. Intermezzo—"Silvery Bells"----- Lampe

5. Remick's Popular Medley No. 12  
Synopsis—Twelve o'clock, the graves open and skeletons appear. The Skeleton Rag, Oh, You Beautiful Doll, Somebody Else Will If You Don't, By the Light of the Jungle Moon, I Like Your Apron and Your Bonnet, Oh, That Navajo Rag, The Harbor of Love, Moonlight Bay, When I was Twenty-one and You were Sweet Sixteen, Oh, You Beautiful Doll.

6. March Characteristique----- "Good Night Nurse"

7. American Fantasia—"Gems of Stephen Foster"-----Theo. M. Tobani  
Including—Old Folks at Home, Come Where My Love Lies Dreaming, Old Dog Tray, "Ring de Banjo", My Old Kentucky Home, Beautiful Dreamer, Glendy Burk, Willie, We Have Missed You, Nelly Was a Lady, Hard Times Can Come no More, Finale—"Old Folks at Home."

8. March—"The Whip"----- Holzmann

### SAVED NO PROPERTY

Mrs. Petrine Bisted Lost Hay and Farm Machinery Worth \$150 and Had no Insurance

Mrs. Petrine Bisted, who lives on the place three miles northeast of Brainerd owned by P. B. Nettleton and others, says the report that she saved her property in the barn that was burned last Tuesday was erroneous.

She lost eight tons of hay, one harness, one wagon, one sled, some chickens and other things worth \$140 to \$150, with no insurance.

### HIGH SCHOOL EDITION

Extra Copies Printed by the Dispatch June 3 are Being Rapidly Bought up

Commemorating the graduation of the largest class the high school ever had, the Dispatch on June 3 published a school edition which serves as a timely souvenir of Brainerd and its progressive schools.

Those wishing copies should apply early as they are being rapidly bought by pupils, teachers, patrons of the schools, etc. The class picture was well reproduced and shows that the Dispatch presses do a high grade of work.

## THE PORTABLE STATE UNIVERSITY

Will Arrive in Brainerd, Monday, June 9, With Specialists Along All Lines

### DR. WM. FORBUSH TO SPEAK

Will Discuss the Boy Problem Thursday Afternoon and Evening, June 12

The "Portable University" will arrive in Brainerd next Monday, and will remain for just one week. Specialists along all lines will be present, and everybody will be privileged to take a course with our state university.

One of the great attractions will be the lectures to be given by Dr. William Byron Forbush, of Philadelphia. Dr. Forbush will speak on Thursday afternoon and evenings. This is the first visit of Dr. Forbush to this part of the country and Brainerd is particularly honored in having the privilege of hearing such a brilliant man.

Dr. Forbush was for a number of years the leader of the second largest church in Detroit, Mich. He is the founder of the Boy Knights of King Arthur, and is a wizard on the needs of the rising generation.

Recently he accepted the prominent position as president of the American Institute of Child Life, a society that is doing a wonderful amount of good for the protection and the conservation of the young life of the country.

Is there a boy problem? What are the tendencies and peculiarities of the young? How shall we conserve the usefulness of the young? These and similar questions of vital importance will be answered by Dr. Forbush.

Dr. Forbush was well received in the southern part of the state. His lectures were of great inspiration and worth more than the price of the week tickets. One of the southern papers comments thus: "Dr. William Forbush, of Philadelphia, noted expert on boys, told a large audience at Caledonia 'how to tolerate the small boys idiosyncrasies when he goes in swimming before the ice has broken up or draws cubist pictures of his teacher on the alley fence.'"

This gives an inkling of the wonderful study he has made of young life and the perfect detailed information he possesses.

## \$50 Reward

Fifty dollars (\$50) reward will be paid for information leading to the arrest and conviction of any person shooting inspectors on our high tension pole line in the vicinity of Brainerd.

## DEVELOPMENTS OF WEEK ON RANGE

Two Steam Shovels Working on Stock Piles of the Rogers, Brown Ore Co. Properties

## WATER HANDLED BY THE MINES

Land Grabbing Propensities of Some Holding Companies Who Do Not Explore or Develop

A case of great interest to be tried at this term of the district court is that of Wm. H. Jenkins of Pine River vs James E. Geary and F. L. Hill of the same town wherein Jenkins claims an interest in mineral lands lying in Emily township and seeks either an accounting or else \$500,000 damages. Attorneys for the defense are Daniel Delury of Walker and Fryberger, Fulton & Spear of Duluth.

On the south range another pump has been installed at the Barrows mine of the Virginia Ore Mining company.

At the Adams mine near Oreland Contractor Buzzo of Ely is now down 50 feet through the seal.

The Duluth Diamond Drill company has had a drill at work near Sylvan.

H. J. Kruse, superintendent of the Rogers Brown Ore Co., in an interview stated that the Kennedy was hoisting 900 tons a day. The steam shovel was started this week. The Armour No. 1 and the Armour No. 2 are each hoisting 650 tons. A shovel has also been placed in commission at the Armour No. 2 mine. The Thompson mine of the Inland Steel company has closed down its underground work for a period and is getting ready for stripping.

In speaking of the amount of water handled at these mines of the Rogers, Brown Ore company, Mr. Kruse said the Kennedy mine at Cuyuna was pumping 1,600 gallons; the Armour No. 2 was pumping 2,000 gal-

lons and the Armour No. 1 was pumping 450 gallons.

Gaylord & Guth have drills at work in section 17, township 16, range 29 working for the Minnesota-Cuyuna Iron Co. of Duluth; one drill in section 23, township 47, range 29; one drill in section 26, township 47, range 29; one drill in section 10, township 46, range 29; two drills in section 3, township 15, range 29; one drill near McGrath at Wahkon, east side of Mille Lacs lake.

The Vermes Cuyuna Mining & Development company has struck ore in its tenth hole in section 8, township 46, range 29 according to reports from its officers. The new stacks was recently placed in position on the Cuyuna-Duluth power house at Ironton.

The Helmer Exploration company has three drills in section 32, township 47, range 29, two drills in section 17, township 46, range 29; one drill in section 8, township 46, range 29 and one drill in section 10, township 46, range 29.

The Duluth Diamond Drill company recently placed a drill at Nokay lake.

P. Hammell, of Duluth, while on a visit in Brainerd, mentioned the time in June, 1905 when he predicted that within ten years ore would be hoisted within sight of the hotel where he and his companions stood. Among his listeners was the late Judge G. W. Holland who coincided in the views expressed by Mr. Hammell. Mr. Hammell, in early years, first persuaded Thomas Feigh to go into sections 9 and 10, township 46, range 29. On half of this land Mr. Feigh will this year draw \$35,000 and next year \$52,500. Its first cost to Mr. Feigh was \$3,420 for 320 acres. Four forties in section 9 are showing up a good grade of ore.

Mr. Hammell is interested in the northwest quarter of the northwest quarter of section 27, township 47, range 29 where five holes are in ore. His associates are John P. Hollihan, George Milosten, Michael Nockels, William Rock and John McAniff. Mr. Hammell's interests in section 22, township 47, range 29 have been optioned to William Sutton, of Stillwater, who with other Stillwater and Minneapolis parties will develop the same.

The Cuyuna range has until now been a range explored by the men and companies of moderate wealth. There has been no "hogging" of the land or holding purposes. Men welcomed those who came to invest and to work. But this feeling will not be shared with companies now rumored to be buying up bunches of land to hold for the Lord knows how long before drill or shaft is put down. This system of grabbing and holding never developed any country whether it was Minnesota iron range or Alaska mineral wealth. Another thing which makes the Cuyuna range remarkable is the fact that agriculture is advancing with the same rapidity as mining. Every farmer on the range has gold in his grasp on the surface if he will only till his acres and cultivate intensively. For southern Minnesota people to imagine that the Cuyuna is nothing but ore and to forget the agricultural resources is to make a serious mistake.

## LIQUOR LICENSE RAISED

Little Falls Council Raises Figures From \$500 to \$1,000 Over the Mayor's Veto

At a meeting of the city council an ordinance raising the liquor license fee from \$500 to \$1,000 received a two-thirds vote of the council and was carried over the veto of Mayor F. C. Johnson. The ordinance was passed a month ago, but was vetoed.

## How's This

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by him. W. L. DUNN, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

## THE RESOLUTION ADOPTED AT WADENA

By the Womens Clubs of the Sixth District of the State Federation of Minnesota

## MRS. C. M. PATEK CHAIRMAN

In Election of District Officers Brainerd Was Honored by Choice of Mrs. Patek as Treasurer

The sixth district convention of the Federation of Womens' clubs of the state was held at Wadena and particularly interesting were the resolutions adopted. The committee on resolutions included Mrs. C. M. Patek of Brainerd, chairman; Mrs. Wm. Lee of Long Prairie and Mrs. Hogan of Sauk Center.

The district officers chosen were Recording Secretary Mrs. L. A. Mathews, Corresponding Secretary Mrs. Alvah Eastman and Treasurer Mrs. C. M. Patek.

The resolutions recite the following:

At the eighth biennial meeting of the sixth district, the committee respectfully recommended the following resolutions:

Resolved that we appreciate Mrs. Loyhed's untiring and invaluable services, as our state president and express the hope that she will accept re-election.

Realizing the necessity of the laws regulating child labor, the committee recommends that the clubs of the 6th district and individuals who are interested, join the National Child Labor committee.

Resolved that we endorse the act of the legislature in passing the laws protecting the interests of women and children.

Resolved that we endorse the work of the Audubon society and pledge ourselves to aid in their protection of birds, whose plumage is used for millinery purposes.

Resolved that we endorse the amendments of the weights and measures laws and recommend that the members of this district aid in their enforcement by demanding honest weights and measures.

Knowing that the city and country women have much to bring to each other, resolved that the 6th district endorse the endeavor of the federation through its country life committee to bring its city and country women together.

Resolved that we endorse the county aid in the fight against tuberculosis by establishment of county sanatoria.

Resolved that we extend our heartfelt thanks to the citizens of Wadena for their kind hospitality. We owe our thanks to the gentlemen who provided a delightful auto ride in the country. We are also very grateful for the many delicate attentions we have received from the club women.

Resolved that special thanks are due the press for their generous allowance of space and the ladies desire to thank Mr. Verity, editor of the Pioneer Journal for donating the programs and for being helpful in many ways.

## SEEK INCORPORATION

Delegation of Citizens from Barrows Files Petition with County Commissioners

Citizens of the mining town of Barrows were at the county seat petitioning for the incorporation of Barrows. In the delegation were Marcus Grande, Richard Bergum, C. E. Peck, Fred Gillmore, H. A. Peterson, Ed. Ring, Fred Klasey, Mike Janesky, Stanley Goulin, Elmer Tontoloff, Jake Kohlsted, Harry Quinn, Tony Green. The commissioners considered the matter and it was turned over to the county attorney for investigation, a report to be made at the next meeting of the county board.

Do you suffer from kidney trouble? Take Hindiplo tablets, they cure where others have failed. Boxes 50c at Johnson's pharmacy—Advt. 273

## A THOROUGH TEST

One to Convince the Most Skeptical Brainerd Reader

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Brainerd residents should be convinced.

The testimony is confirmed—the proof complete. Testimony like this cannot be ignored.

Mrs. Charles Erickson, 1103 E. Oak St., Brainerd, Minn., says: "I suffered from disordered kidneys for two or three years. There were dull, heavy pains through the small of my back that kept me in a constant state of discomfort. I was also subject to headaches and dizzy spells. Having been advised to try Doan's Kidney Pills, I procured a box at H. P. Dunn's drug store and used them regularly. I now feel much better in every way."

I cheerfully confirm my former testimonial regarding Doan's Kidney Pills. This remedy can always be relied upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## DULUTHIANS UNITE IN PRAISE OF BRAINERD

(Continued from page three)

Werner Hemstead and William Schlange.

Railroads—C. A. Russell, T. H. Considine and F. G. Wright.

Manufacturing—John A. Hoffbauer, Edward Boppel and F. M. Sleeper.

Public Improvements—D. A. Haggard, Erick Kronberg and P. B. Nettleton.

President Nelson announced the discontinuance of the ordinance committee.

Among business transacted was the acceptance of the report by H. A. Carmichael on the marching club uniforms. The committee was instructed to continue with its work.

P. T. Brown, vice president of the sixth district of the State Federation of Labor, spoke in favor of boosting home products. "Before we can expect other industries to locate in Brainerd, we must encourage and support what is already established here," said Mr. Brown emphatically. He said the Brainerd Milling Co. flour was a good product and Boosters should urge their wives to buy it.

"My wife," said Mr. Brown, "uses the flour and there is none better made. Ask for the flour at the grocery stores and they will soon have to buy it to supply the demand. Mr. Johnson, the manager of the mill, pays the farmer cash for their products. He pays good wages to his men, he is a resident of Brainerd, he pays taxes here and he should be encouraged by all the support we can possibly give him."

"Speaking of cigar manufacturers," said Mr. Brown, "Brainerd does not compare well with St. Cloud where 27 to 30 cigarmakers are at work. Brainerd has only five. The cigarmakers are the best boosters you can find. Crookston has 17 of them. When you ask for a cigar in Brainerd they generally shove a foreign made cigar at you. They don't do that at St. Cloud. You first get the home cigar and then if you express a preference for the other kind, they will hand you the foreign brand."

A committee, Messrs. Carmichael, Corkey and Vogel, was appointed to select suitable picnic emblems.

Letterheads are to be printed by the club, to be used by committees and members.

## WANTS

Notices under this head will be charged for at the rate of one cent a word for the first insertion and one-half cent a word for each subsequent insertion, strictly cash in advance, but no ad will be taken for less than fifteen cents.

## PUBLIC EXHIBITION

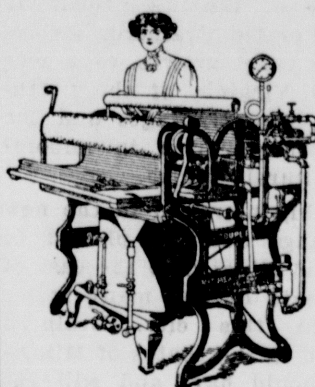

FRIDAY, JUNE 6, 1913

OF THE

## Perfected Spotless Shrinker and Finisher

Sponges and Shrinks All Classes of Goods Perfectly

You are cordially invited to the Public Demonstration which will be in charge of Mr. Albert Bray, an experienced man who has nothing to sell—Simply will shrink goods for you.

## THIS CERTIFICATE

Entitles the bearer to the sponging of any piece of fabric, wool, cotton, silk or velvet, whether purchased here or not.

Thereafter the uniform price will be 5c per yd. for high-grade goods. Wash goods, not over 36 inches wide, 3c per yd. Short lengths, 15c each piece.

No more puckered, rain-spotted, shrunk-out-of-shape suits, skirts and jackets, if the goods are sponged and shrunk by the PERFECT SPOTLESS PROCESS. Everybody knows that sponging and shrinking is a necessity, not only with woolen goods, but cotton and linen work fabrics as well.

In connection with the exhibition we are going to have a sale of the following wash goods and wool fabrics, all of which will be made to retain their shapeliness and sightliness by shrinking before making, viz:

PIQUES, GINGHAMS, PERCALES, LINEN SUITINGS, WHITE GOODS, RATINES, CREPE CLOTHS, COTTON VOILES, Etc., also all classes of WOOLEN FABRICS.

We are headquarters for "Everything by the yard."

Come and select the goods for your new dress and let us shrink the material WHILE YOU WAIT.

We hope you will take advantage of this offer and keep us busy all day.

JOHN LARSON

REVERSES ITS  
FORMER ACTIONCommittee Puts Live Stock, Wheat  
and Oats on Free List.

## MEETS PRESIDENT'S WISHES

Senator Simmons Makes the Motion in Subcommittee of Finance Committee Handling the Agricultural Schedule Upon His Return to the Capitol From a Conference at the White House.

Washington, June 4.—Reversing its former action in voting to place wheat, flour, oatmeal and fresh meats on the dutiable list the senate finance subcommittee in charge of the agricultural schedule voted to place live stock, wheat and oats on the free list.

This action, it was authoritatively stated, was taken to meet the views of President Wilson, Senator Simmons, chairman of the finance committee, and other administration leaders, who disapproved the decision to tax meats 10 per cent compensatory to a duty on cattle in the Underwood bill and to assess a compensatory duty on both flour and oatmeal.

The vote to reconsider was taken in the subcommittee on a motion made by Senator Simmons, an ex-officio member of all these committees handling the various tariff schedules, when he returned to the Capitol from a conference with the president.

In this enlargement of the free list President Wilson is known to have taken a leading part, as he did in the matter of raw wool and sugar in the ways and means committee.

He still is standing uncompromisingly for the wool and sugar schedules, so, it is declared, he will stand firmly for free cattle, sheep and hogs and free wheat and oats now that this has been determined upon as the party policy.

## Declares Matter Settled.

Senator Simmons conferred with the president last week. "The matter is settled now," said Senator Simmons, "and that is the way the schedule will go to the senate."

The inquisitorial clause of the Underwood bill, which aroused foreign protest, has been giving the Williams subcommittee considerable trouble and in trying to work out a modification of its provisions they have had the aid of Secretary McAdoo, Secretary Bryan and John Bassett Moore, counselor of the state department.

A plan now is being discussed to combine a portion of this provision with the amendment proposed giving the secretary of the treasury the right to proclaim values, thus to have a safeguard against undervaluations and, at the same time, rid the provision of its features objectionable to foreign powers.

The proposal to place for the first time in the country's history a tariff on raw or undressed furs has aroused loud protests from furriers and the subcommittee headed by Senator Johnson, which has the sundries schedule under consideration, is studying the situation.

The Underwood bill proposes a rate of 10 per cent on raw furs.

## MONTANANS CALL ON LANE

Delegation Asks Secretary to Continue Reclamation Projects.

Washington, June 4.—Apprehensive that government reclamation work might be withdrawn from Montana a delegation of citizens of that state called on Secretary Lane to urge him to continue the projects.

At a recent conference representations were made to Secretary Lane that the lands to be irrigated in Montana were not valuable enough to warrant the amount the water users will have to pay.

The probability is, however, that work on the four projects in Montana will be carried on.

The delegation was headed by Governor Stewart, former Governor Norris, Senators Walsh and Myers and Representative John M. Evans.

## PARDONED TO MAKE CROPS

President Commutes Sentences of Two Federal Prisoners.

Washington, June 4.—To permit George Pollock and Bud Ewers, federal prisoners, "to make a summer crop," President Wilson commuted their sixty-day sentences to expire at once provided they paid their fines of \$100.

They were convicted at Paducah, Ky., April 21, of retailing liquor without the payment of the special tax. The president was told if they served until June 21 they could not make a crop on their farms.

## Asks Collector to Resign.

Washington, June 4.—Secretary McAdoo has asked for the resignation of Fred S. Stratton as collector of customs at San Francisco. The secretary declined to discuss the action or his reason for it.

## Conservationists Pick Capital.

Washington, June 4.—Announcement was made that the fifth national conservation congress would be held here Nov. 18 to 20.

LOBBYING NOW  
MORE REFINEDSenators Declare Coarser Kind  
Has Disappeared.

## NORTHWEST MEN AIR VIEWS

Senators La Follette of Wisconsin, Kenyon of Iowa and Nelson of Minnesota Appear Before Committee Investigating Presence at Washington of Persons Seeking to Influence Legislation.

Washington, June 4.—Senator La Follette of Wisconsin and Senator Kenyon of Iowa testified in the lobby investigation before the senate committee that old style lobbying has given place to a new, "insidious" style.

"Years ago lobbying was of a coarser kind than at present," Senator La Follette told the committee. "The old bargain and sale method is out of date. Later the interests elected men to look out for them from the inside. In the last six or seven years the representatives of the special interests have fast disappeared."

The Iowa senator explained that he believed the most "insidious" and powerful lobby possible was the practice of flattering senators by having them out to dinners, to theaters and on automobile rides, ingratiating the host with the distinguished guests.

## Would Ban Ex-Senators.

Referring to one former senator representing many railroads in Washington and often seen on the floor of the senate he advocated the enactment of legislation to prohibit an ex-senator from being a lobbyist.

Senator La Follette testified he is interested in the publication of a weekly paper, owning most of the stock, but said he did not believe it would be affected by any item in the tariff bill. He said he owned a farm and an interest in some zinc bearing lands in Wisconsin, which since the Payne-Aldrich law had been producing a small royalty.

Four years ago, Senator La Follette said, he was interviewed in regard to hides, the interviewer informing him that he had already engaged a page or two of advertisement in his magazine.

"I told him if he didn't hurry to the telephone office I would beat him in ordering a cancellation of his advertisement," declared the senator.

## Defines Lobbying Term.

Replying to questions about persons being maintained in Washington to look after legislation Senator La Follette said the American Federation of Labor and the Seamen's union keep men here. "Under my definition of the term that is lobbying," he declared.

Indian interests, he said, keep others here, his understanding being that there is an organization of lawyers in Washington that work up claims.

Other senators who testified said they had no knowledge of a lobby. Senator Nelson of Minnesota, first member of the investigation committee to take the stand, said he was interested in farming and had spoken to two or three senators in favor of retaining a duty on wheat.

Sensors not on the committee were given the right to cross-examine Senator Nelson, but none asked any questions.

## SHIPS WILL BE SOLD.

Chicago, June 4.—The steamships Minnesota, Minnetonka and Minnekahta belonging to the Chicago and Duluth Transportation company are to be sold June 16, according to an order by Federal Judge Lane.

The sale is to meet obligations of \$298,275.63 due to bondholders of the company.

## BURGLARS LOOT GAS OFFICE

Thieves Wreck Two Safes in Chicago and Secure \$1,100.

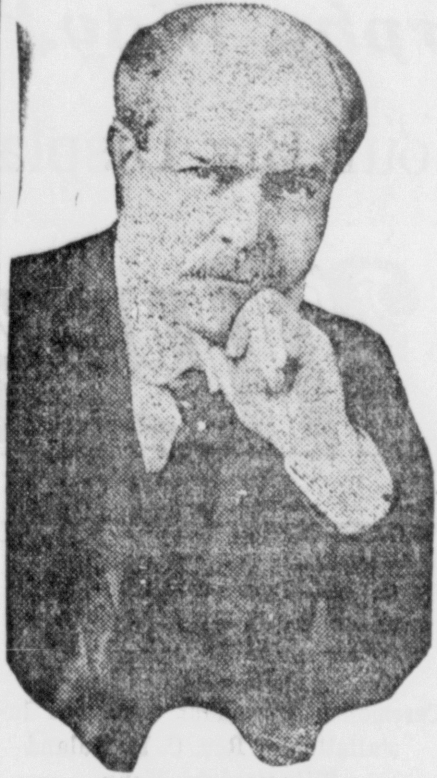

Chicago, June 4.—Burglars entered the offices of the Chicago Gas Appliance company and obtained money and bonds amounting to \$1,000. Finger prints on the office rafting were the only clues left by the thieves.

When the employees reached the office the inner doors of two safes were found partly wrecked, desks ransacked and the rear door unlocked.

## Republicans Urge Harmony.

Topeka, Kan., June 4.—With but few men who have attained prominence in the Progressive party present the Republican harmony conference, with 500 delegates, went on record here in favor of the initiative and referendum, against commission form of government for the state and passed a resolution endorsing the national Republican harmony movement.

## EDWARD F. DUNNE.

Penalized by Assessors for  
Failure to Make Returns.

## GOVERNOR DUNNE MULCTED

Illinois Executive and Senator Lewis  
Penalized by Tax Assessors.

Chicago, June 4.—Governor Edward F. Dunne and Senator James H. Lewis of Illinois were penalized by the Cook county assessors for failure to turn in schedules of their personal property.

Each now stands on the tax books as possessed of \$3,000 in personal property. The penalty brings this to \$4,500 each.

ATTORNEY GENERAL  
WILL NOT INTERFEREGrand Jury May Indict Minne-  
sota Rail Officials.

St. Paul, June 4.—Minnesota's already complicated railroad rate situation assumed new complexities when Judge Albert Johnson of the Goodhue county district court at Red Wing instructed the grand jury to return indictments against officials of the roads operating in that county should it be found that the 3-cent fare law, declared unconstitutional by the Supreme Court in its famous decision, is being disregarded. The penalty for violation of this statute is a fine of not to exceed \$5,000 or imprisonment not to exceed five years, or both.

In view of the almost certain adjournment of the Minnesota rate case by the supreme court of the United States this month the action of Judge Johnson in endeavoring to enforce the state law at this time was received with astonishment in legal and railroad circles.

Attorney General Lyndon A. Smith was as surprised as anybody. He does not know what is back of the move and was very reticent in discussing the situation.

"I certainly shall not interfere," he said.

## MILWAUKEE RETAINS FAIR

Special Legislative Committee Favors  
Present Location.

Madison, Wis., June 4.—Milwaukee has won its fight for the retention of the state fair. The special committee of nine, appointed to study the state and hear arguments of cities which wanted the location changed, filed a report signed by six members, in favor of the present site and recommending extensive improvements.

The other three of the committee reported in favor of Vandeventer, between Fond du Lac and Oshkosh, where these three members thought there was a central location, easily accessible from all parts of the state and centrally located.

## REBELS WIN HARD BATTLE

Defeat Mexican Federals and Capture  
Matamoros.

Brownsville, Tex., June 4.—After a desperate nine-hour battle the federal garrison defending Matamoros, Mex., was subdued by the troops of General Lucia Blanco, constitutionalist, commander-in-chief of the state of Tamaulipas.

Major Estaban Ramos, garrison commander, who was wounded early in the engagement, died in a Brownsville hospital.

## FRISCO PRESIDENT RESIGNS

B. L. Winchell to Devote Time to Re-  
ceivership.

Chicago, June 4.—B. L. Winchell, president of the Chicago and Eastern Illinois railway and of the St. Louis and San Francisco railroad, has resigned both offices. Mr. Winchell resigned to devote his attention exclusively to his duties as receiver for the St. Louis and San Francisco road.

## Eight-Hour Day Extended.

Washington, June 4.—Secretary Lane announced that hereafter all contractors engaged upon reclamation work would be prosecuted for violations of the eight-hour law.

SCRIBES AIDED  
BY PRESIDENTWilson Knows the Value of  
Publicity.

## HE DOES HIS OWN TALKING

Has Long Statements Typewritten and Distributed and in Other Cases Gives Unequivocal Interviews and Can Be Quoted, Although by Talking Directly He Breaks Another Precedent.

By ARTHUR W. DUNN.

Washington, June 4.—[Special.]—President Wilson knows the value of publicity. In that respect he is more like Roosevelt than any of his predecessors. I fancy that Mr. Wilson is rather surprised at times that the newspaper men who see him twice a week do not ask him pointed questions on the subject upon which he wishes to express himself. But he does not hesitate to ask the question himself and answer it in the language which he wants used.

And there is no false, quivering, inuendo about it; no "it is understood the president thinks," or "it can be stated on the highest authority" and such other lines often used in dealing with presidents. The president hands out what he wants to say if it is long enough to be typewritten or he makes a flat, unequivocal statement and can be quoted. That makes it valuable to the newspaper men.

## One of the People.

Perhaps this is part of the president's program to be one of the people. He wants to be treated like other men and not hide behind his official position. The president has made congressmen feel that he is not defied by his advancement, and in talking directly to the people through the press in interviews he shows that he is like other men.

For some unknown reason it has been held undignified for the president and cabinet officers to be interviewed in the newspapers. It was all right for them to make speeches which were published in the papers, but the interview, according to a tradition, was undignified. It will be so no more.

## Charge of Drunkenness.

Many public men have had to undergo the charge of drunkenness during their public careers. Often by inuendo the charge has been made against Colonel Roosevelt, although the Michigan case was the first time it was ever made with such directness.

Whenever anything of the kind is mentioned it recalls the Fairbanks cocktail. The former vice president never drinks anything, but at a luncheon to President Roosevelt at his house some officious individual had cocktails prepared and served. The incident injured Fairbanks immeasurably, but never seemed to faze T. R.

## Liquor and Politics.

Unless all signs fall the liquor question is going to cut quite a wide swath in politics in the future. It looks as if there was a lot of capital made for Mr. Bryan out of the dinner incident where he did not serve wine to the foreign diplomats. The anti-liquor people are making a great deal of it.

While the liquor interests have always been a powerful factor in politics, there is no sentiment behind them, and, in fact, the sentiment is all on the other side. Bryan's friends are making the most of his temperance views whenever occasion arises.

## Adding His Mite.

Congressman Britten of Illinois added his mite to the troubles of the Democrats by publishing in the Congressional Record all places not covered by the civil service law and therefore open to applicants. The places are not so very numerous, but they do not have that appearance when the average Democratic patriot looks at them.

He estimates his services to the party higher than any one else, and he cannot see why he should not have one of those places. Britten also published the salary list, which also looks attractive to men who have been out of office sixteen years.

## Wing Dams and Floods.

A man interested in the improvement of the Mississippi river was in Speaker Clark's office the other day and declared that two things had contributed to the injury of the river, particularly the lands and levees. One was where railroad bridges were constructed. These usually have huge embankments built far out over the low bottom lands, and when the floods come they serve as breakwaters which force the water against the opposite side, destroying levees.

They operate much as the wing dams which have been put in the river by the engineers to keep the water in a narrow channel. Such wing dams work fairly well in low water, but in flood times they cause the great overflows.

## Gets in First.

It is rather amusing to see how Vic Murdock breaks in first on all questions requiring minority leadership. Mann is quite deliberate, always was, in fact, and Murdock, with his new honors upon him, breaks in early with questions about the business of the house where the interests of the minority are concerned. Murdock is determined to let men know that the Progressives are a real minority.

## One in a Hundred.

Taking the statistics of the world, one person in every 100 born lives to be sixty-five years of age.

## HALVOR STEENERSON.

Would Allow Foreign Ships  
to Handle Coastwise Trade.

## WOULD ADMIT FOREIGN SHIPS

Steenerson Introduces Bill to Open  
Panama Canal.

Washington, June 4.—A bill to extend to foreign vessels the right to participate in American coastwise trade through the Panama canal was introduced by Representative Steenerson of Minnesota.

The preamble to the bill sets forth that restricting the coastwise trade to American vessels "fosters monopolistic control of the trade."

HEETER CASE TAKES  
SENSATIONAL TURNSchool Board Member Alleges  
Political Conspiracy.

Pittsburg, June 4.—Assertions that a definite political conspiracy has been on foot to bring about the downfall of Superintendent of Schools S. L. Heeter that the old regime in this city might again control the revenues and political plums of the school system so aroused the board of education sitting as a trial board on the Heeter charges that it adjourned after a seven-hour session without determining the guilt or innocence of the accused.

After the meeting the situation stood thus: Mr. Heeter still maintains his innocence; Mrs. Beulah Kennard, member of the board, charges that he is the victim of a conspiracy and has been found guilty by the committee on testimony of witnesses coerced by his enemies; Clarence Burleigh, his attorney, asserts his belief in the absolute innocence of his client.

Miss Kennard scored the committee of six citizens for not investigating the conspiracy charge. She asserted the corner, a former school board official, started the plot against Heeter. She declared the testimony of at least one of the witnesses who said she had been wrongly approached by Heeter was unreliable.

## HUNGARIAN CABINET TO QUIT

Because Deputy Is Acquitted After  
Calling Premier Graftier.

Budapest, June 4.—The Hungarian cabinet of which Dr. Ladislaus von Lukacs is premier has decided to resign. This determination is due to the acquittal of Deputy Desacs in a libel suit brought against him by the premier, whom M. Desacs accused of corruption and characterized as "the world's greatest Panamist"—a Panamist being one of the persons involved in the corrupt transactions by which the Panama Canal company (1878-83) obtained political or financial assistance.

## BANK OFFICIALS NOT GUILTY

Jury Frees Seaman and Jocelyn in  
Federal Court.

Chicago, June 4.—A verdict of not guilty was returned by a jury in federal court in the case of L. N. Seaman and M. C. Jocelyn, former cashier and assistant cashier respectively of the Elgin National bank. The jury was out less than forty-five minutes.

## NEW PRISON WARDEN.

Washington, June 4.—Thomas W. Morgan of Ottawa, Kan., was appointed warden of the United States penitentiary at Leavenworth, Kan., by Attorney General McReynolds. This is the attorney general's first step in a reorganization of the prison. Mr. Morgan, who is president of the Kansas state board of penal institutions, will succeed R. W. McClauray, for fourteen years in charge at Leavenworth.

## Better Still.

"No woman knows how to drive a nail."  
"And what of that? Every woman knows how to drive a man any way she wants him to go."—Washington

CAUSTIC REPLY  
TO BURLESON

## WOOD CASE GOES TO JURY

Mill Owner Accused of "Planting"  
Dynamite.

Boston, June 4.—The guilt or innocence of William J. Wood, president of the American Woolen company, charged with conspiracy to "plant" dynamite on the premises of textile strikers at Lawrence, Mass., must be determined by a jury without direct evidence from the defense.

Judge Crosby, presiding at the trial of Wood, Frederick E. Atteaux and Dennis J. Collins, overruled a motion of Henry P. Hurlburt, counsel for the mill man, that jurors be instructed to return a verdict for his client. Before arguing his motion Mr. Hurlburt had announced that he took the responsibility of resting his case without presenting evidence.

## REFORM ELEMENT IS BEATEN

Returns at Los Angeles Indicate  
Rose's Election.

Los Angeles, June 4.—The early count of the municipal election indicates defeat for the reform element which has controlled the city since the recall of Mayor Harper five years ago.

Incomplete returns from 339 out of 466 precincts give Harry H. Rose, Independent, 20,275 votes and John W. Shenk, Municipal Conference candidate, 18,019.

Rose was heavily supported by the Socialists.

They play a strenuous game of ball out on the coast if the game in which one player was killed and another one's eye put out is anything to go by.

The mint bed at the White House grounds has become famous and might never have even received favorable mention had it not been for the charges of drunkenness to which Col. Roosevelt objected, and of which he was entirely exonerated by a jury at Marquette, Mich.

The Bemidji meeting of the Northern Minnesota Editorial association will be held on June 13, 14 and 15, and A. G. Rutledge, or "Doc," as the genial secretary is known, has sent out notices that a rate of a fare and one-third has been granted by the railroads for the summer meeting.

It is a real pleasure to be mayor of a city like St. Paul when the city officials and friends club together and make one presents of automobiles and other useful trinkets. Mayor Kellar stood the ordeal, however, and in order to show that he had the right idea gave his old car to his private secretary, but not until he had tried out the new one.

F. D. Sherman is the new immigration commissioner, succeeding H. J. Maxfield. The appointment was made after several gentlemen from the northern part of the state had begun active canvass and before the entire list of eligibles had come out into the open. The picking of a man from the office force evidently looked like the least trouble when the selection from outside candidates was considered.

In Brainerd, as in all offices in the entire United States having rural free delivery, the carriers are keeping the record of the mails for the month of June, the count and weight on all mail handled, the total amount

### INSTALLED AS PASTOR OF CROSBY

Ceremonies Attendant Upon the Installation of Rev. C. M. Ruland Witnessed by Many

#### REV. LOWRIE PREACHED SERMON

Thirty Room Addition for Spalding Hotel—Building News of Crosby

Crosby, Minn., May 29—Rev. C. M. Ruland, pastor of the First Presbyterian church of Crosby and Miss Myrtle Mathews, daughter of Mr. and Mrs. J. P. Mathews were married at the home of the bride on Wednesday afternoon at five o'clock. Rev. W. J. Lowrie, pastor of the First Presbyterian church of Brainerd, performing the ceremony. The best man was Rev. H. E. Easley, of New London and the bridesmaid was Miss Bertha Johnson. After the service a sumptuous wedding supper was served. The happy couple left on the evening train for a honeymoon trip to Wilmar where they have a cottage on Green lake.

On Tuesday evening Rev. C. M. Ruland was formally installed as pastor of the First Presbyterian church of Crosby. Rev. W. J. Lowrie of Brainerd, assisting in the ceremonies which were witnessed by many people. Rev. S. F. Sharpless, D. D., of Fergus Falls, presided and propounded the constitutional questions to Rev. Ruland. Rev. Lowrie preached the installation sermon.

Lots in Keating's addition are meeting with a ready sale. Will S. Pitt, who has advertised in English, Swedish, Norwegian, Finnish, Austrian and Montenegrin has secured the most sales. He has offices at Crosby and at the extreme west end of the new addition bordering Ironton.

Ed. Gustad has secured the general contract to build the new school house. W. H. Gausewit has the plumbing contract and the Blake company the electrical work. Mr. Gustad has recently built a fine home in Crosby.

New officers of the Crosby Commercial club are Wm. C. Deering president and Charles S. Roulo secretary.

The Spalding hotel is to have a thirty room addition designed to make the hotel of ample size to take care of its rapidly increasing patronage. It will be 39 by 69 feet, three stories high and providing for an enlarged lobby, dining room and kitchen. There will be added a barber shop, shoe shining stand, two large sample rooms, rooms for help and other conveniences. A porch will be added to the front. Peder Larson has started the excavation work.

All records for building were broken by Will S. Pitt whose four carpenters and various helpers built and furnished a 14 by 30 two room office in 24 hours and supplied with electric lights, telephone, etc.

#### PLEADS GUILTY

Favy Davis, of Crosby, is Given an Indeterminate Sentence To Stillwater

Favy Davis, who shot his wife in the arm at Crosby and was arrested on a charge of assault in the first degree, pleaded guilty to assault in the second degree and was sentenced by Judge W. S. McClenahan, of the district court, receiving an indeterminate sentence to the Stillwater penitentiary.

#### UNION MEETING

Will be Held by the Various Churches to Hear an Eminent Divine of Pittsburg

Dr. R. C. Wylie, of Pittsburg, Pa., enroute for Portland, Ore., will be in Brainerd tomorrow and will speak at a union meeting held at the First Baptist church at 8 o'clock p. m. The regular prayer meetings of the various churches will give place for this union meeting.

Dr. Wylie will speak at the meeting of the Second World's Citizenship conference to be held in Portland June 29 to July 6. The lecture he will give here will be of unusual interest and should be generally attended.

Northrup \$1.00, Swift & Co. \$2, Levant's department store \$1.00, Slipp-Gruen-hagen Co. \$32.00, William Tiff \$1.12, Mrs. N. O'Neal 50c, payroll fire department \$165, payroll volunteer firemen \$49.50, McGinn & Smith 65c, Mrs. L. Meyer \$2.50, G. W. Chadbourne \$32.70, W. S. Nott Co. \$77.53, City of Brainerd \$2.60, Johnson's Pharmacy 88c, Mrs. Sarah Montney \$30, John Larson \$8.60, Johnson's Pharmacy 35c, payroll street department \$545.63, J. McNaughton \$7.25, John Larson \$24, the Northwestern Port-Huron Co. \$5.75, Elizabeth Hayes \$6.50, Lillia Follett \$35, E. M. Phelps \$17.50, K. W. Lagerquist \$7.06.

A report of the finance committee stated there were no delinquent taxes on property abutting the east side of blocks 129 and 159. The same committee reported delinquent taxes on lots 23 and 24, block 269 to be \$159.53. Further time was asked to make their report on depositories, and the matter of crediting the amount of interest on daily balances to the water and light board on such funds as belonged to it.

The street committee reported on the petition of property owners on Quince street, asking that the street be curbed and graded, and recommended dropping it. The petition for an alley through block 187 was referred back to the property owners. The street committee asked for further time in which to report on the matter of Otto Erickson, in

## GEO. L. BLACKMER DROWNED AT PEQUOT

Special to Dispatch:

Pequot, Minn., June 4—While diving from a boat in a lake near Pequot, George Lloyd Blackmer, 18 year old son of Frank Blackmer, was drowned 40 rods from shore. The boy had been swimming constantly as he was in training for athletic events in the east. The remains have been sent to the old home of the family in Creston, Ill.

Southeast Brainerd whose home, situated in unplatted land was being fenced up.

The liquor license transfer of Wm. Sinclair to Peter Benson was granted.

To the police committee was referred the matter of investigating the installation of a police alarm system.

The investigation of the repairs by the general sewer was referred to the sewer committee and the city engineer, to report at the next meeting.

Rosko Brothers are to be given the opportunity to try their hands at repairing the Central hose house bell, provided they stay within a \$30 limit.

The caring for of Mr. Creed was left in the hands of the committee on the relief of the poor.

The bond of the Hitch Fuel & Cement company was approved. The bond of A. M. Opsahl was approved.

Bids for cement paving were opened. M. E. Hitch bid \$1.15 a square yard for paving, 98c a square yard for driveways, 60c a square yard for walks, 28c a lineal foot for curbing.

A. Everett bid \$1.10 on the paving \$1 on driveways, 65c on walks, 30c on curbing.

Vaughn & Clausen bid \$1.03 on paving, 68c on sidewalks and 33c on curbing.

On motion the Vaughn & Clausen bid for paving was accepted.

Balloting for city attorney resulted in the election of M. E. Ryan on the second ballot.

On motion of Aldermen Haake and Anderson the city attorney was instructed to prepare an ordinance requiring all billiard halls and pool rooms to close at 11 P. M.

The street committee in conjunction with the city engineer was instructed to see that the grading was done at Mike Setula's residence for a sidewalk.

The arc rate was referred to the electric light committee to investigate and report at the next meeting. The city engineer was instructed to enforce the law regarding the laying of service pipes and water mains and that he be instructed to order the Slipp-Gruen-hagen Co. to remove the pipe recently laid on a north side street, the street commissioner to do it if the company refused.

To the street committee and the city engineer was referred the matter of putting in a watering trough near the hay market.

## DULUTHIANS UNITE IN PRAISE OF BRAINERD

John Wahl, George Reid, Patrick Hammel and C. M. Christenson Laud Brainerd as the

### METROPOLIS OF CUYUNA RANGE

Booster Club Constitution to be Changed to Take in all Interests in County Development

Members of the Booster club of this city at their last meeting had the opportunity of hearing prominent Duluthians praise Brainerd, its resources, its early growth to a city larger than Virginia of the northern ranges, its advantages and the country tributary, rich in mineral and agricultural wealth.

John Wahl, interested in the new Cuyuna Range addition platted to Brainerd and situated to the east of the shops, said he had many realty interests in this city. Brainerd was situated in the center of Minnesota and should have and will get many manufacturing plants. The iron industry and the rapidly developing farming community contiguous to Brainerd would be strong incentive for the further growth of Brainerd. Mr. Wahl said he always boosted for Brainerd.

George Reid, who got out the May 26, "Duluth, The City of Industry" number of the Duluth Herald and who is a special writer of high reputation, made a short address. He said he could say nothing better than what he had told the editor of the "Daily Virginian" of Virginia, Minn. "Brainerd," said Mr. Reid, "is the city Virginia will have to keep its eyes on or it will wrest from Virginia the honor of being the fourth largest city of the state."

Mr. Reid said the Soo was coming to Brainerd. The city was the center of a great mining and agricultural country and every indication pointed to a great and wonderful growth of this city.

Patrick Hammel said he was glad to see men boosting their own city and country. A good, live club could accomplish wonders with the proper organization. The Soo was needed in this district.

"If there is anything you need," said Mr. Hammel emphatically, "it's a new courthouse. In mineral wealth St. Louis county does not compare with Crow Wing county when the latter is developed. The amount to be raised by taxation for the construction of the courthouse will be but the thousandth part of a mill on the dollar considering the fortunes which lie buried in the ground and which are taxable in the future. I met Dr. Joseph Nicholson, a member of your club, and the secretary and they took me about Brainerd and its vicinity and the auto trip afforded me opportunity to see the extent of the agricultural development. You have a section second to none. Southern Minnesota or Iowa can show nothing to equal it. I was greatly surprised to see the changes wrought in so short a period. Many new farms had been opened up since last I was in that vicinity.

"A live Booster club can do wonders in promoting the best interests of a town. You should get all the men to join it, young and old. You want to set your eyes on a membership mark of 1,000.

"I am very glad to have met with you tonight and appreciate your cordial reception of my remarks. Anything I can do for Brainerd I shall be glad to do. Brainerd is a railway center. You should get every road within a hundred miles of Brainerd to run through your town."

C. M. Christenson, of Duluth, associated with John Wahl in the addition east of Brainerd, said it was his second trip to Brainerd. "I was here last January and was favorably impressed with your town. Mr. Wahl is spending thousands of dollars in Brainerd and will advertise it all through the northwest and you may be assured there will soon be something doing here. I am very pleased to have met with you. Your town has the makings of a great city and no one realizes that more than an outsider. You have great natural resources. Agriculture and the iron mines will make of Brainerd a great city within a few years."

When the club heard these gentlemen speak so highly of Brainerd, a motion was made and carried forthwith that every man, no matter where he lived, who had interests in Brainerd or Crow Wing county or who worked for a company that had such interests, could become a member of the Brainerd Booster club. The amendment to the section which first restricted membership to Crow Wing county residents, will become a law within a short period and then Messrs. John Wahl, George Reid, Patrick Hammel and C. M. Christenson and others will be accepted as members of the local club.

J. A. Erickson, chairman of the board of county commissioners, a new member of the Boosters, was called on for remarks, but declined, saying he wished to be excused at this time and that he would be glad to speak after being a member for some time.

President Wm. Nelson announced the following committee assignments: Membership—R. M. Sheets, H. A. Carmichael and F. E. Brundson.

Navigation—Jay Henry Long, Dr. (Continued on page 4)

## STRIKE BREAKERS MAKE APPEARANCE

Special to The Dispatch:

Little Falls, Minn., June 4—Fourteen strike breakers with four guards were brought to this city to take the places of the striking paper makers at the Hennepin mill. A mob of over 150 men gathered in the evening in the streets in front of the hotels at which the men were placed and made a demonstration against them. It is understood that the strike breakers will return to the Twin Cities without attempting to start the mill, which has been closed since last Friday. Only the paper makers are striking and the pulp mill is running.

## VOTE TO SECEDE FROM PARENT ORDER

Special to Dispatch:

Little Falls, Minn., June 4—The Modern Woodmen of America of the sixth congressional district in convention here voted by a ballot of 51 to 5 in favor of immediate secession from the parent order. Some who voted in the negative did so because of instructions and stated that they were convinced that immediate severance from the old order was necessary. A disposition to quit the old order was very pronounced with the delegates. J. L. Sundean and Dr. H. Wuerzinger, of Minneapolis, were the principal speakers. By a unanimous vote Little Falls was endorsed for the head camp.

### BAND CONCERT

First Concert of the Season at 8:00 O'clock This Evening at the N. P. Depot Park

The first concert of the season will be given by the Brainerd City band at the Northern Pacific railway depot park at 8 o'clock this evening. Director Frank J. Siskora has prepared a fine program and as published, comment is made about the different numbers to be given. The program is:

1. March—"Roaring Volcano"----- Pauli (Descriptive)
- Trumpets sounding, Olympic games begin, chariot and horse racing, ringing of Angelus bells, people's Vesper hymn, volcano rumbling, rumbling increases, volcano bursts in full fury of eruption, belching forth volumes of smoke and lava, people fleeing in terror, people in death and destruction.
2. Overture—"The Bridal Rose"----- Lavalee (New)

- (a) Maestoso
- (b) Andante
- (c) Allegro Moderato
- (d) Andantino
- (e) Allegro Con brio
3. Concert Waltzes—"An der schoenen blauen Donau"----- Johann Strauss
4. Intermezzo—"Silvery Bells"----- Lampe
5. Remick's Popular Medley No. 12

Synopsis—Twelve o'clock, the graves open and skeletons appear. The Skeleton Rag, Oh, You Beautiful Doll, Somebody Else Will if You Don't, By the Light of the Jungle Moon, I Like Your Apron and Your Bonnet, Oh, That Navajo Rag, The Harbor of Love, Moonlight Bay, When I was Twenty-one and You were Sweet Sixteen, Oh, You Beautiful Doll.

Tobani Including—Old Folks at Home, Come Where My Love Lies Dreaming, Old Dog Tray, "Ring de Banjo", My Old Kentucky Home, Beautiful Dreamer, Glendy Burk, Willie, We Have Missed You, Nelly Was a Lady, Hard Times Can Come no More, FinaJe—"Old Folks at Home."
8. March—"The Whip"----- Holzmann

### SAVED NO PROPERTY

Mrs. Petrine Bisted Lost Hay and Farm Machinery Worth \$150 and Had no Insurance

Mrs. Petrine Bisted, who lives on the place three miles northeast of Brainerd owned by P. B. Nettleton and others, says the report that she saved her property in the barn that was burned last Tuesday was erroneous.

She lost eight tons of hay, one harness, one wagon, one sled, some chickens and other things worth \$140 to \$150, with no insurance.

### HIGH SCHOOL EDITION

Extra Copies Printed by the Dispatch June 3 are Being Rapidly Bought up

Commemorating the graduation of the largest class the high school ever had, the Dispatch on June 3 published a school edition which serves as a timely souvenir of Brainerd and its progressive schools.

Those wishing copies should apply early as they are being rapidly bought by pupils, teachers, patrons of the schools, etc. The class picture was well reproduced and shows that the Dispatch presses do a high grade of work.

## THE PORTABLE STATE UNIVERSITY

Will Arrive in Brainerd, Monday, June 9, With Specialists Along All Lines

### DR. WM. FORBUSH TO SPEAK

Will Discuss the Boy Problem Thursday Afternoon and Evening, June 12

The "Portable University" will arrive in Brainerd next Monday, and will remain for just one week. Specialists along all lines will be present, and everybody will be privileged to take a course with our state university.

One of the great attractions will be the lectures to be given by Dr. William Byron Forbush, of Philadelphia. Dr. Forbush will speak on Thursday afternoon and evenings. This is the first visit of Dr. Forbush to this part of the country and Brainerd is particularly honored in having the privilege of hearing such a brilliant man.

Dr. Forbush was for a number of years the leader of the second largest church in Detroit, Mich. He is the founder of the Boy Knights of King Arthur, and is a wizard on the needs of the rising generation.

Recently he accepted the prominent position as president of the American Institute of Child Life, a society that is doing a wonderful amount of good for the protection and the conservation of the young life of the country.

Is there a boy problem? What are the tendencies and peculiarities of the young? How shall we conserve the usefulness of the young? These and similar questions of vital importance will be answered by Dr. Forbush.

Dr. Forbush was well received in the southern part of the state. His lectures were of great inspiration and worth more than the price of the week tickets. One of the southern papers comments thus: "Dr. William Forbush, of Philadelphia, noted expert on boys, told a large audience at Caledonia 'how to tolerate the small boys idiosyncrasies when he goes in swimming before the ice has broken up or draws cubby pictures of his teacher on the alley fence.'"

This gives an inkling of the wonderful study he has made of young life and the perfect detailed information he possesses.

## \$50 Reward

Fifty dollars (\$50) reward will be paid for information leading to the arrest and conviction of any person shooting insulators on our high tension pole line in the vicinity of Brainerd.

## DEVELOPMENTS OF WEEK ON RANGE

Two Steam Shovels Working on Stock Piles of the Rogers, Brown Ore Co. Properties

## WATER HANDLED BY THE MINES

Land Grabbing Propensities of Some Holding Companies Who do Not Explore or Develop

A case of great interest to be tried at this term of the district court is that of Wm. H. Jenkins of Pine River vs James E. Geary and F. L. Hill of the same town wherein Jenkins claims an interest in mineral lands lying in Emily township and seeks either an accounting or else \$500,000 damages. Attorneys for the defense are Daniel Delury of Walker and Fryberger, Fulton & Spear of Duluth.

On the south range another pump has been installed at the Barows mine of the Virginia Ore Mining company.

At the Adams mine near Oreland Contractor Buzzo of Ely is now down 50 feet through the seal.

The Duluth Diamond Drill company has had a drill at work near Sylvan.

H. J. Kruse, superintendent of the Rogers Brown Ore Co., in an interview stated that the Kennedy was hoisting 900 tons a day. The steam shovel was started this week. The Armour No. 1 and the Armour No. 2 are each hoisting 650 tons. A shovel has also been placed in commission at the Armour No. 2 mine. The Thompson mine of the Inland Steel company has closed down its underground work for a period and is getting ready for stripping.

In speaking of the amount of water handled at these mines of the Rogers, Brown Ore company, Mr. Kruse said the Kennedy mine at Cuyuna was pumping 1,600 gallons; the Armour No. 2 was pumping 2,000 gal-

lons and the Armour No. 1 was pumping 450 gallons.

Gaylord & Guith have drills at work in section 17, township 16, range 29 working for the Minnesota-Cuyuna Iron Co. of Duluth; one drill in section 23, township 47, range 29; one drill in section 26, township 47, range 29; one drill in section 10, township 46, range 29; two drills in section 3, township 49, range 29; one drill near McGrath at Wahkon, east side of Mills Lake.

The Vermes Cuyuna Mining & Development company has struck ore in its tenth hole in section 8, township 46, range 29 according to reports from its officers. The new attack was recently placed in position on the Cuyuna-Duluth power house at Ironton.

The Helmer Exploration company has three drills in section 32, township 47, range 29, two drills in section 17, township 46, range 29; one drill in section 8, township 46, range 29 and one drill in section 10, township 46, range 29.

The Duluth Diamond Drill company recently placed a drill at Nokay lake.

P. Hammell, of Duluth, while on a visit in Brainerd, mentioned the time in June, 1905 when he predicted that within ten years ore would be hoisted within sight of the hotel where he and his companions stood. Among his listeners was the late Judge G. W. Holland who coincided in the views expressed by Mr. Hammell. Mr. Hammell, in early years, first persuaded Thomas Feigh to go into sections 9 and 10, township 46, range 29. On half of this land Mr. Feigh will this year draw \$35,000 and next year \$52,500. Its first cost to Mr. Feigh was \$3,420 for 320 acres. Four forties in section 9 are showing up a good grade of ore.

Mr. Hammell is interested in the northwest quarter of the northwest quarter of section 27, township 47, range 29 where five holes are in ore. His associates are John P. Hollahan, George Milosten, Michael Nockels, William Rock and John McAuliffe. Mr. Hammell's interests in section 22, township 47, range 29 have been optioned to William Sutton, of Stillwater, who with other Stillwater and Minneapolis parties will develop the same.

The Cuyuna range has until now been a range explored by the men and companies of moderate wealth. There has been no "hogging" of the land or holding purposes. Men welcomed those who came to invest and to work. But this feeling will not be shared with companies now rumored to be buying up bunches of land to hold for the Lord knows how long before drill or shaft is put down. This system of grabbing and holding never developed any country whether it was Minnesota iron range or Alaska mineral wealth. Another thing which makes the Cuyuna range remarkable is the fact that agriculture is advancing with the same rapidity as mining. Every farmer on the range has gold in his grasp on the surface if he will only till his acres and cultivate intensively. For southern Minnesota people to imagine that the Cuyuna is nothing but ore and to forget the agricultural resources is to make a serious mistake.

## LIQUOR LICENSE RAISED

Little Falls Council Raises Figures From \$500 to \$1,000 Over the Mayor's Veto

At a meeting of the city council an ordinance raising the liquor license fee from \$500 to \$1,000 received a two-thirds vote of the council and was carried over the veto of Mayor F. C. Johnson. The ordinance was passed a month ago, but was vetoed.

## THE RESOLUTION ADOPTED AT WADENA

By the Womens Clubs of the Sixth District of the State Federation of Minnesota

MRS. C. M. PATEK CHAIRMAN

In Election of District Officers Brainerd Was Honored by Choice of Mrs. Patek as Treasurer

The sixth district convention of the Federation of Womens' clubs of the state was held at Wadena and particularly interesting were the resolutions adopted. The committee on resolutions included Mrs. C. M. Patek of Brainerd, chairman; Mrs. Wm. Lee of Long Prairie and Mrs. Hogan of Sauk Center.

The district officers chosen were Recording Secretary Mrs. L. A. Mathews, Corresponding Secretary Mrs. Alvah Eastman and Treasurer Mrs. C. M. Patek.

The resolutions recite the following:

At the eighth biennial meeting of the sixth district, the committee respectfully recommended the following resolutions:

Resolved that we appreciate Mrs. Loyhed's untiring and invaluable services, as our state president and express the hope that she will accept re-election.

Realizing the necessity of the laws regulating child labor, the committee recommends that the clubs of the 6th district and individuals who are interested, join the National Child Labor committee.

Resolved that we endorse the act of the legislature in passing the laws protecting the interests of women and children.

Resolved that we endorse the work of the Audubon society and pledge ourselves to aid in their protection of birds, whose plumage is used for millinery purposes.

Resolved that we endorse the amendments of the weights and measures laws and recommend that the members of this district aid in their enforcement by demanding honest weights and measures.

Knowing that the city and country women have much to bring to each other, resolved that the 6th district endorse the endeavor of the federation through its country life committee to bring its city and country women together.

Resolved that we endorse the county aid in the fight against tuberculosis by establishment of county sanatoria.

Resolved that we extend our heartfelt thanks to the citizens of Wadena for their kind hospitality.

We owe our thanks to the gentlemen who provided a delightful auto ride in the country. We are also very grateful for the many delicate attentions we have received from the club women.

Resolved that special thanks are due the press for their generous allowance of space and the ladies desire to thank Mr. Verity, editor of the Pioneer Journal for donating the programs and for being helpful in many ways.

## SEEK INCORPORATION

Delegation of Citizens from Barrows Files Petition with County Commissioners

Citizens of the mining town of Barrows were at the county seat petitioning for the incorporation of Barrows. In the delegation were Marcus Grande, Richmond Bergum, C. E. Peque, Fred Gilmore, H. A. Peterson, Ed. Ring, Fred Klasey, Mike Janesky, Stanley Goulin, Elmer Tontoloff, Jake Kohlstad, Harry Quinn, Tony Grepen. The commissioners considered the matter and it was turned over to the county attorney for investigation, a report to be made at the next meeting of the county board.

Do you suffer from kidney trouble? Take Hindipo tablets, they cure where others have failed. Boxes 50c at Johnson's pharmacy—Advt. 273

## A THOROUGH TEST

One to Convince the Most Skeptical Brainerd Reader

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Brainerd residents should be convinced.

The testimony is confirmed—the proof complete. Testimony like this cannot be ignored. Mrs. Charles Erickson, 1103 E. Oak St., Brainerd, Minn., says: "I suffered from disordered kidneys for two or three years. There were dull, heavy pains through the small of my back that kept me in a constant state of discomfort. I was also subject to headaches and dizzy spells. Having been advised to try Doan's Kidney Pills, I procured a box at H. P. Dunn's drug store and used them regularly. I now feel much better in every way."

I cheerfully confirm my former testimonial regarding Doan's Kidney Pills. This remedy can always be relied upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## DULUTHIANS UNITE IN PRAISE OF BRAINERD

(Continued from page three)

Werner Hemstead and William Schlange.

Railroads—C. A. Russell, T. H. Considine and F. G. Wright. Manufacturing—John A. Hoffbauer, Edward Boppel and F. M. Sleeper.

Public Improvements—D. A. Haggard, Erick Kronberg and P. B. Nettleton.

President Nelson announced the discontinuance of the ordinance committee.

Among business transacted was the acceptance of the report by H. A. Carmichael on the marching club uniforms. The committee was instructed to continue with its work.

P. T. Brown, vice president of the sixth district of the State Federation of Labor, spoke in favor of boosting home products. "Before we can expect other industries to locate in Brainerd, we must encourage and support what is already established here," said Mr. Brown emphatically.

He said the Brainerd Milling Co. flour was a good product and Boosters should urge their wives to buy it. "My wife," said Mr. Brown, "uses the flour and there is none better made. Ask for the flour at the grocery stores and they will soon have to buy it to supply the demand. Mr. Johnson, the manager of the mill, pays the farmer cash for their products. He pays good wages to his men, he is a resident of Brainerd, he pays taxes here and he should be encouraged by all the support we can possibly give him."

"Speaking of cigar manufacturers," said Mr. Brown, "Brainerd does not compare well with St. Cloud where 27 to 30 cigarmakers are at work. Brainerd has only five. The cigarmakers are the best boosters you can find. Crookston has 17 of them. When you ask for a cigar in Brainerd they generally shove a foreign made cigar at you. They don't do that at St. Cloud. You first get the home cigar and then if you express a preference for the other kind, they will hand you the foreign brand."

A committee, Messrs. Carmichael, Corkery and Vogel, was appointed to select suitable picnic emblems.

Letterheads are to be printed by the club, to be used by committees and members.

## Perfected Spotless Shrinker and Finisher

Sponges and Shrinks All Classes of Goods Perfectly

You are cordially invited to the Public Demonstration which will be in charge of Mr. Albert Bray, an experienced man who has nothing to sell—Simply will shrink goods for you.

## THIS CERTIFICATE

Entitles the bearer to the sponging of any piece of fabric, wool, cotton, silk or velvet, whether purchased here or not.

Thereafter the uniform price will be 5c per yd. for high-grade goods. Wash goods, not over 36 inches wide, 3c per yd. Short lengths, 15c each piece.

No more puckered, rain-spotted, shrunk-out-of-shape suits, skirts and jackets, if the goods are sponged and shrunk by the PERFECT SPOTLESS PROCESS. Everybody knows that sponging and shrinking is a necessity, not only with woolen goods, but cotton and linen work fabrics as well.

In connection with the exhibition we are going to have a sale of the following wash goods and wool fabrics, all of which will be made to retain their shapeliness and sightliness by shrinking before making, viz:

PIQUES, GINGHAMS, PERCALES, LINEN SUITINGS, WHITE GOODS, RATINES, CREPE CLOTHS, COTTON VOILES, Etc., also all classes of WOOLEN FABRICS.

We are headquarters for "Everything by the yard."

Come and select the goods for your new dress and let us shrink the material WHILE YOU WAIT.

We hope you will take advantage of this offer and keep us busy all day.

## YOU CANNOT GET AWAY

from the fact that it pays to treat your livestock well. Whether you work it or market it the better it is fed the better the returns. That's why you should give our feed a trial. Commence today. We know that the results will be so fine that you'll see the advantage of using our feed right along.

JOHN LARSON
